# Pill Counting
DRX-4C2 Quick Reference Guide

To enter the counting mode, simply press the F button and follow the steps below.

1. Place a container on the pan and tare it by pressing the "T" button.

2. Confirm the sample size by pressing the T button.

3. Manually count 10 pills and place them in the container located on the pan.

4. Press the T button to confirm and accept the sample weight.

5. Begin to fill the remainder of the pieces.

For a detailed description of this feature please turn to Chapter 12 of the instruction manual.
